

it.r2r.S/4HANA conversion – A Packaged Solution to Lift Your System to SAP S/4HANA®

Smart System Conversion: Your Path to the Next Generation Business Suite

System Conversion from Existing SAP Business Suite

The system conversion is a popular transition path to convert your existing ERP system to SAP S/4HANA. itelligence has already supported many system conversion projects since SAP announced the end of SAP ECC maintenance by 2025. If you currently have an ERP 6.0, EHPxx, Any DB or SAP HANA DB in place, it is the natural move forward to migrate your system to SAP S/4HANA (onPrem).

A Packaged Solution for Your Move

Based on our experience we developed a solution which enables you to convert your system in the most efficient and modern way. it.r2r.S/4HANA conversion makes it possible to take an exact 1:1 move from your hosted or onPrem ERP system to SAP S/4HANA.
