

# Buying is a **Snap!**

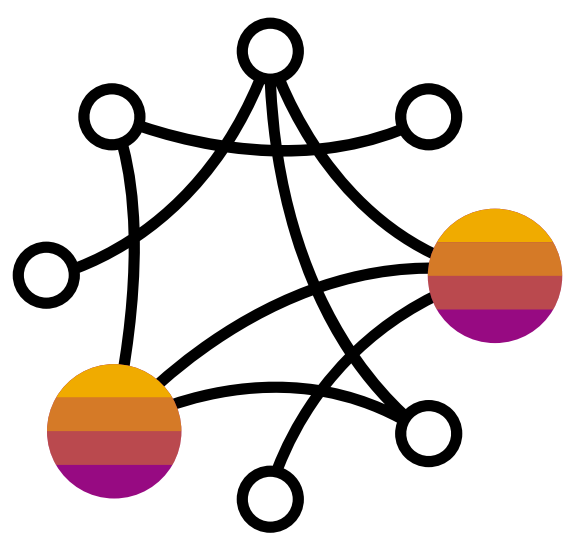

SAP Ariba Snap: Your easy-to-deploy, easy-to-administer, and easy-to-adopt way to control spending.

## **3** words: ready, set, buy

Plug it in and start buying.

- It's preconfigured with the spending categories used most in your industry
- Best-practice workflows are built-in, so your work can just flow

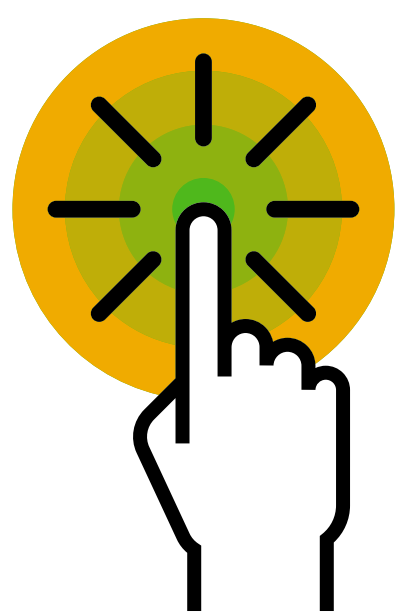

## **2** million suppliers

**locally, globally and wherever your business takes you**

Onboarding new suppliers is easy, digital, and free.

- You can buy from a marketplace of proven suppliers on day one
- Supplier information is automatically updated, accurate and centralized in one place

## **1** super simple system

Simplicity – packaged and priced to fit your business and designed to scale as you grow.

- Consumer-simple buying for your employees
- Total control of the cost and process for procurement
- Automated reconciliation for accounts payable
- Better cash flow control for your controller

### **SAP Ariba Snap**

Improve cash flow, control and compliance without adding complexity
